

EDGERTON ITEMS

The Edmonton Exhibition Association have adopted the system of appointing district representatives in the more important places in Northern Alberta, and we are informed that S. J. Boyd, manager of the Merchant Bank at this point is the person named for the district surrounding this place.

He will be kept informed by the association as to the various events which they conduct and will also have on hand literature relating to the annual auction sales, shows and exhibitions conducted by them for distribution to any persons desiring the same.

The Edmonton Exhibition management realizes the importance of keeping more closely in touch with the leading agricultural and live stock men in this way, feeling that the coming year will see a vast development in this most important industry.

MRS. F. COPE PASSES DANGER POINT

The many friends of Mrs. F. Cope will indeed be pleased to learn that she is now out of danger. She has been suffering from a bad seizure of pneumonia, and was in a dangerous condition up till Sunday last when she took a turn for the better. (Dr. Wallace and Dr. Smith (a specialist from the city) have both been untiring in their efforts, and have been assisted by a trained nurse in the person of Mrs. Malone.

COUNCIL SAYS ANIMALS NOT TO RUN AT LARGE

The chief business of the Town Council which met last night, when there were present: The Mayor with Messrs. Dewar, McLeod, Scofield and Wiley, was taken up with a communication from H. Milton Martin, of Edmonton, the new appointed commissioner under the "Sub-divided and other Properties Act," in regard to the cancellation of the registered plans of the several sub-divisions situate in the Municipality of Gilt Edge. In view of the fact that the school district embraces all of the sub-divisions, and on which there are large amounts of school tax arrears owing in which the town is vitally interested (as it collects the taxes in trust), it was decided to appoint a committee to meet the members of the Gilt Edge Municipality to formulate a plan, and then meet the commissioner in reference thereto at as early a date as possible.

APOLOGIA.

We regret that owing to the fact that a firm of Winnipeg printing roller manufacturers fell down on their guarantee to us, we are unfortunately one day late in publication, and in this regard our hearty thanks are due to our esteemed fellow craftsman, F. W. Lush, who by placing his machine at our disposal helped us out of an awkward situation.

FORMER RESIDENT PASSES AWAY

Many old-timers will remember Henry Cummer, son of Mr. Fred Cummer, who instituted "The Star," and it is our sad duty to record his death which took place in Toronto last Wednesday, where the deceased has been undergoing treatment since returning from the front about a year ago.

This is the second son of the family who went overseas, and he leaves a wife and child in Calgary to whom we extend all sympathy.

CALDER LOSES TO LOCAL HOCKEY BOYS

In a fast and exciting game at the local rink on Saturday evening last the Wainwright puck-chasers won out 3-1 after some hard tussle. The visitors put up some good clean hockey and only a couple of penalties were enforced during the play.

Neither side made a tally in the first period, while during the second twenty minutes the locals found the goal on two occasions. In the third period of play, the visitors accomplished the same feat leaving a tie score. Playing for another twenty minutes, the Wainwright boys by dint of hard careful playing found the net for the deciding point, as stated above. The teams lined up as follows:

Wainwright
Madison goal Boyd
Stanton point Tory
Stanton point Smith
Geddes wing Hodgins
Piercy wing Pidgeon
Lennox centre Richardson
Jotta rover Greer

We are glad to know that little Violet Taylor is progressing favorably with her fractured arm.

An exchange editor asks—"What is the worst crime?" So far as we know there are several brands of this commodity, but about the worst we are able to think of is the habit of some people who take this great, weekly family journal and forget to call on us with the necessary to procure a receipt for a dollar and six bits!

BRUSH CUTTER INVENTED BY KILLAM FARMER

Mr Jack Hauser, of Killam, has recently invented an improved brush cutter and has patented it in Canada and the U.S. The machine consists principally of a "V" shaped cutter, and is fitted to the front of a traction engine. It can be made to fit any engine on the market having a width of from five to fourteen feet, according to the width of the engine. This machine is guaranteed to cut any brush up to six inches in diameter and it is the contention of those who have seen it that it will revolutionize brush cutting in the western provinces. The principal feature of this machine is its simplicity of operation. It requires only one man in addition to an ordinary engine crew. The machine has already been tested by one of the foremost machine companies and has given entire satisfaction.—Er.

THE HIGH SCHOOL LIT. SOCIETY PUPILS HOLD CARNIVAL

The masquerade carnival held in the rink on Friday evening last was a huge success in all ways. We have not heard the amount taken in, but we feel sure that it was quite satisfactory, and will materially assist the W.H.S.L.S. in carrying on the many schemes connected with that organization.

In passing we may say that it was sure a delightful little lunch which was served by the young ladies of the school, who all worked so hard to ensure success, with special mention of Miss Ash and Miss Mildred Graham, the president of the society.

The costumes were so numerous and varied, and withal so exceptionally good that the judges, who were Mrs. H. Y. Pawling and Messrs. Sidall and Fraser, had a difficult matter to make their awards in some cases. The following were their final decisions:

Lady's Fancy—Miss M. L. Mimpert as "Red Wing," 1; Miss L. Fraser as "Miss Canada," 2.
Lady's Comic—Miss N. Shirley as "Topsy," 1; Mrs. Fraser as "Careless Nursemaid," 2.
Fancy, under 16—Miss C. Derry as "Indian Girl," 1; J. McLeod as "Page," 2; Miss R. McLeod as "Flower Girl," 3.
Comic, under 16—B. Davies as "Frog," 1; Buster Brown as "Charlie Chaplin," 2; Men's Fancy—E. Frickleton

EXHIBITION ASSOCIATION WILL HOLD A BIG SPRING BULL SALE

The rules governing the 9th annual auction sale and show of pure-bred bulls, to be conducted jointly by the Edmonton Exhibition Association and the Alberta Provincial Cattle Breeders' Association, have just arrived. This event will be held on Tuesday, March 30th, commencing at 9.30 a.m. On the Monday previous the bulls will all be judged and any considered not worthy of the privileges of the sale will be rejected. Entries will be accepted only for bulls born after April 1st, 1915 and before June 1st, 1919. As the Dominion government anticipates purchasing a large number of bulls at this sale, it is expected that buying will be of a brisk order, and with this in mind the committee of management are prepared to accept a larger number of entries than has hitherto been the case. This annual sale is held during the Edmonton Spring Live Stock Show, March 28th-April 3rd, and the entries close on March 1st.

We learn from J. Welch, of the Atlas Lumber Co., that a large number of enquiries are being received by his firm at their different branches, relative to this district. As the prospects for moisture are so much better here than in the south many new settlers may confidently be expected here this spring.

Boys, under 16—Buster Brown was an easy winner and Tom Askin took second place. Girls, under 16—P. Springer, 1; G. Springer, 2.

Many of our farmers who could not get threshed last fall are selling the sheaves now for feed, and are getting a better price than they would have received for the grain. One prominent farmer expressed the opinion that much of the grain in the fields will rot on account of the heavy snowfall and as the price of feed was so high it would be safer to sell the sheaf grain and purchase seed oats.

THE "DAWSON CUP"

Wainwright Hockey Club will be up on their toes on Saturday night at eight o'clock when they are slated to clash on the local rink with the aggregation from Unity to decide the holders of the "Dawson" cup, which the latter team took home with them after the game last spring. Our boys are all in good fettle, and we feel that they should prove victorious.

PRINCIPAL TUTTLE GIVES INTERESTING ADDRESS AT CHURCH DINNER

The fact that the wind and weather of last Thursday evening was a true "norther" coupled with the numbers of the members who were on the sick list was no doubt the cause of the small number present at the congregational dinner at Grace Methodist church, when the Rev. A. S. Tuttle, principal of Alberta College north, was scheduled to speak on the Inter Church Forward Movement, and assist in the organization of a local campaign.

The long tables which had been prepared for a goodly number were laden with heaps of toothsome and wholesome viands, to all of which those present did full justice after the singing of the grace under the chairmanship of the Rev. N. Priestley, the pastor.

When the repast had concluded the speaker of the evening was introduced to the assembly by the chairman in a few well-chosen remarks, and he then said in part:

The matter of the forward movement is one of great moment. The world owed a large debt in all ways to the organized church. The institution of the christian church was one of the handiworks of God, but although ours was always spoken of as a christian civilization, only a small part of it was really of a true christian order and it was the purpose of this movement, to so and christianize civilisation into one vast brotherhood. He knew this sounded like a big order, but all things are possible to the Deity.

The forward movement was a call to service and sacrifice. A challenge to grapple with

world conditions as they had them every day and bring the world to Christ. The thing most characteristically wrong in this age was the concentration of so many of our labors on material things rather than up on spiritual things.

A diagnosis of the world events of 1914 showed a flood tide of mammonism which had poisoned the very streams of national and domestic life, and things came to a head when the war broke out in Europe. But now that a merciful Providence had given victory to our arms on the battle field, a new era was looked for, and despite the fact that this new condition of things was not in great evidence as yet, the high tension had ceased through reaction.

We were somewhat prone at this time to forget the heroism displayed through all the long war period by those who had followed up the humdrum existence of everyday life as an absolute necessity. The move

AT THE CHURCHES

GRACE CHURCH.—Services as usual on Sunday next at 11 a.m. and 7.30 p.m. Sunday school at 2.45 p.m.

Methodist service at Green-shields school at 3 p.m.

ST. THOMAS.—Services on Sunday next (1st Sunday in Lent)—11 a.m., Matins; 2.30 p.m., Sunday school; 7.30 p.m., Evensong.

ST. PATRICK'S, Heath.—3 p.m., Evensong.

ST. ANDREW'S.—Services as usual at 11 a.m. and 7.30 p.m. on Sunday next.

EXHIBITION ASSOCIATION WILL HOLD A BIG SPRING BULL SALE

The rules governing the 9th annual auction sale and show of pure-bred bulls, to be conducted jointly by the Edmonton Exhibition Association and the Alberta Provincial Cattle Breeders' Association, have just arrived. This event will be held on Tuesday, March 30th, commencing at 9.30 a.m. On the Monday previous the bulls will all be judged and any considered not worthy of the privileges of the sale will be rejected. Entries will be accepted only for bulls born after April 1st, 1915 and before June 1st, 1919. As the Dominion government anticipates purchasing a large number of bulls at this sale, it is expected that buying will be of a brisk order, and with this in mind the committee of management are prepared to accept a larger number of entries than has hitherto been the case. This annual sale is held during the Edmonton Spring Live Stock Show, March 28th-April 3rd, and the entries close on March 1st.

We learn from J. Welch, of the Atlas Lumber Co., that a large number of enquiries are being received by his firm at their different branches, relative to this district. As the prospects for moisture are so much better here than in the south many new settlers may confidently be expected here this spring.

Boys, under 16—Buster Brown was an easy winner and Tom Askin took second place. Girls, under 16—P. Springer, 1; G. Springer, 2.

Many of our farmers who could not get threshed last fall are selling the sheaves now for feed, and are getting a better price than they would have received for the grain. One prominent farmer expressed the opinion that much of the grain in the fields will rot on account of the heavy snowfall and as the price of feed was so high it would be safer to sell the sheaf grain and purchase seed oats.

ROSEMARY RAMBLES

BORN.—To Mr. and Mrs. F. Bony boy. Congratulations. Miss Hazel Kerr, of Doley, is spending a week with friend here.

The nominations for councilors for this division takes place at Daisy schoolhouse on Friday, February 20th at one o'clock.

We wonder who Taylor's opponent will be at the election which will be held at the Rosemary schoolhouse on Friday, February 27th.

ROSEMARY S. D. HOLDS SUCCESSFUL DANCE

For the purpose of liquidating the liability on the organ of the district, which was procured last year, the committee undertook to raise the necessary funds by holding a dance, and this object was fully achieved last Wednesday when the schoolhouse was filled to its capacity, many coming from the surrounding points to assist in furthering so worthy an object. The floor was capably managed by Charlie Kelly and Bob Tennant, and the sweet strains furnished by Mrs. D. Pawsey and Messrs. R. Pawsey, D. Tennant and J. Taylor added considerably to the enjoyment. It was decided after a short conference that the organ is now the property of the Rosemary district, and the committee take this means of heartily thanking all who assisted in any way to make the affair the great success which it proved to be.

Dr. Tatham, of Edmonton, was in town over the week end having been called in consultation in the case of Mr. J. Tansley, who is suffering from paralysis following on a severe cold. The doc. says Jimmy is likely to spend a long time in bed, but we all hope that he is mistaken.

ALBERTA'S GROWING DAIRY OUTPUT

Production of creamery butter in Alberta is considerably greater this winter than in any previous winter, and the production in 1920 is expected to be 25 per cent.—or approximately 2,500,000 pounds—more than in 1919, according to C. Marker, dairy commissioner of Alberta.

Mr. Marker says that the development of the output of all creamery butter is due to a growing interest among the farmers in the dairy business because of the high prices now being paid for cream.

Walter Bryant was a visitor to town over the week end from the city.

being appointed as the alternate delegate.

To raise funds for the expenses incurred it was agreed that each member should provide one dollar as tablet money during the next two months, a dime collection also being taken up at the meeting.

Miss Anderson made an appeal for volunteer workers who would be willing to be called on if an epidemic of the "flu" should visit this district.

A very instructive paper on "Pneumonia" was then given to the assembly by Mrs. Malone, who was one of that real splendid body of war workers over there, and is a fully qualified trained nurse. This was listened to with marked attention her hearers gaining much practical knowledge from the discourse which followed.

After a hearty vote of thanks had been accorded the lecturer refreshments were served, ending one of the best meetings ever held. The next gathering will be held on March 13th.

The Women's Institute met on Saturday last at the home of Mrs. J. Welch, when a large number of members answered the roll-call.

The minutes of the previous meeting having been read and approved, several letters were dealt with and accounts passed for payment.

The committee on relief gave its report and furnished a long list of garments received. The parcels had been distributed here or passed on to the headquarters at Calgary.

A family in this district is asking for sheets, pillow slips and quilts. This matter being dealt with.

Mrs. S. R. Bowerman was appointed as delegate to attend the Institute Convention in Edmonton, March 16th to 19th, with Mrs. Middleton as the second delegate; Mrs. A. McLean

as the first delegate.

THE RIGHT SORT
OF IMMIGRATION

Canada's immigration record for 1919, all things considered, was particularly good. It was not a year in which much was to be expected, coming so close to the war, and in the midst of re-establishment effort, yet the results numerically are gratifying. That we should have attracted close to 118,000 outsiders in the year following the war, when transportation difficulties were so great and settlement conditions uncertain, is, to say the least, encouraging.

But even greater encouragement is to be found in the quality of the people we attracted. Of the total, 57,000 were from the British Isles, being principally soldiers' dependents. For Canadian citizenship that will mean much. It means good stock, and this is something we have need to pay special attention to now that we have had our eyes opened to the danger of too large a mixture of foreign nationalities in our ethnic number came from the United States, bringing with them cash and effects to the value of more than eighteen millions. Most of these arrivals were experienced farmers, and their destination was the land, which is just what we want. Immigration from other foreign countries totalled in all less than nine thousand—a very satisfactory record.

Alberta's a province has no reason to complain of the share it received of this 1919 total. It leads among western provinces with a total of nearly 20,000, Saskatchewan and British Columbia coming second with about 12,000 each, and Manitoba third with a little more than ten thousand. In all, the west secured a little better than half the total immigration for the year, which is not too bad when it is remembered that Ontario and Quebec are conducting active immigration campaigns designed particularly to attract the British and American settler.

CUTTING OUT
BUSINESS WITH
THE U.S.A.

So great has become the latest stress and strain of the exchange question between Canada and the United States, that the people of Canada are cutting out their business with a number of companies across the line. A financial note in a New York exchange last week says:

"Due to the demoralized condition of the foreign exchange market merchants are daily having more difficulty in transacting business with Canadians. Tuesday the premium on New York exchange advanced to 134 per cent, an unprecedented figure. Translated in dollars and cents, a New York draft for \$100 at Montreal would cost the purchaser \$113.50. With such a barrier confronting them, Canadians doing business in the U.S.A. and Americans doing business in Canada, are making no effort to attempt to transfer funds across the line. Commerce between the two countries is just now slowly but surely drying up."

This is a very unfortunate condition of affairs, and is even worse so far as Britain and her neighbour France are concerned. No doubt some arrangement will be arrived at in the near future by the Great Powers to remedy this matter, although some authorities seem to think it may take several years before the exchange will be down to normal again.

FAMINE IN
POTATOES.

A famine in potatoes is in sight in Alberta. A statement in a recent contemporary says that potatoes will soon disappear from many tables in Calgary and other southern points of the province, as the supply there is virtually exhausted and replenishment is not possible because of an acute shortage all over the province and because British Columbia ship pers are sending much of their

Fires Break Out

and thieves break in. Don't risk the first, or invite the second, by keeping money in the house.

Put it in The Merchants Bank where it will be safe from loss—always available—and earn interest at highest current rates.

THE MERCHANTS BANK

Head Office: Montreal, CANADA
 WAINWRIGHT BRANCH, Established 1884

 Safety Deposit Boxes to Rent

limited stocks to the Seattle and other United States points. Wholesale prices on B.C. potatoes in Calgary will soon be \$125 per ton, and the retail figure cannot be less than three pounds for twenty-five cents. The shortage is so great in the city of Vancouver that some of the restaurants and hotels are not placing this vegetable on their menu at all.

We are fortunate in this district that we have at least no marked shortage along these lines, and so far as we can discover, there does not appear to be any likelihood of our territory having to go without our chief vegetable. Many of our citizens have a sufficient quantity in their cellars to carry the need until the harvesting of a new crop, although there be a decided shortage before—those who have potatoes to sell will probably secure fancy prices for their tubers.

MAYFIELD NEWS

Tom Sheridan is busy these days teaming hay across the river.

A. J. Muddle has been sick during the last few days and we are all hoping to see him around again very quickly.

A great game of checkers was played at John Muddle's last week, the contestants being George Ross and A. L. Harden. George carried off the championship.

A Wood sure has a splendid flock of hens. He reports 60 eggs per day, but so far as we know he has only 55 hens so—

The second meeting of the Literary Club was even better than hoped for, several more new members being enrolled.

After the regular business had been dealt with an enjoyable social programme was gone through. It takes live members to make a club a success that's what Mayfield will surely be.

Your correspondent regrets the error last when E. Garneau was named as president of the club. The gentleman holding that honor is A. F. Kohl.

FARMERS' ANNUAL

The Farmer's dance which will be held on the 19th of this month promises to be as great a success as this event has always proved. A departure is being made from last year's arrangements in that the good "housewives" are going to provide the supper themselves, so the success of this part of the big doings is assured.

RHEUMATIC PAINS

Quickly Ease the Penetrating Hammer's Withered Off

A safe and harmless preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out sorrows, and humors up stiff aching joints and muscles.

You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache, cramps and colic.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever congested or have sick headache? Just try Wizard Liver Whisk, pleasant little pink pills. 30 cents. Guaranteed.

GILT EDGE GOSSIP

Frank Traynor returned on Saturday from Edmonton after attending as a delegate at the Municipal Convention.

Local branches of the U.F.W. and the U.F.A. held their annual dance on Friday evening last in the Orange Hall, and it sure proved a great success.

An impromptu concert was given after refreshments were served, those assisting in this portion of the entertainment being: Miss N. Wilhelm, Miss E. Goddard, and Messrs. C. Hickox, T. Goddard, V. Wilhelm, J. R. Allison, an T. Guilfoyle.

Joe Dennoencourt had charge of the floor and handled the job right. The music, which added so greatly to the success of the affair was supplied by Mrs. J. Forsythe, T. O'Reilly, Robert Beatty and Chas. Church.

Cliff Church is sure a happy man these days. He has secured a splendid bunch of 19 head of black polled Angus cattle and intends to show them at the cattle exhibition sale in Edmonton in April, after which he intends to take them through to Chicago.

There's a medal coming to Joe Dennoencourt, even if it is only a leather one! He is the first this year to make the trip to town in his "flivver," and he fought 14 miles of snowdrifts, etc. Sure, she'll go any old place, eh, Joe?

We understand, though that Charlie Mallard was chief engineer on the trip.

Something done every minute, is the report which Jack Allison brought back from Tofteld where he was visiting as a delegate to the county meet-

ing from the local lodge. There was a big attendance.

The office-holders for the ensuing year are E. P. Rowe, Tofteld, county master; J. R. Allison, Gilt Edge, deputy master; Rev. C. Simpson, Tofteld, chaplain; R. Emond, Holden, recording secretary; J. Watson, Irma treasurer; and G. Dixon, D of C.

Week end visitors to town include R. Harris, B. McNern, G. Traynor, L. Sullivan, W. McNern, J. Dennoencourt and C. Mallard.

The feed situation in this district is beginning to look serious as the supply is near the point of exhaustion.

After the regular business at the monthly meeting of the U.F.A. had been transacted on Tuesday last, the members were given a lantern lecture entitled "The Innocent Abroad," by the Rev. N. Priestley. This was thoroughly enjoyed by all. The next meeting will be held at the schoolhouse on March 9th and all members are urged to be present.

BREEDING FOR HEAVY LAYERS

NEEDS ATTENTION

By this time it should be fairly well decided what birds are to be used in the breeding pens. In the main dependence should be placed on hens, but it is always well to use some of the best pullets as by so doing a year's time may be very often saved.

As none but the best pullets should have been carried over the second season, there should be very little culling of the hens required. However, it seems there are always a few that have not kept in prime breeding condition; some may have put on too much fat, others may have shown a tendency to colds or other undesirable qualities. These should not be put into the breeding pens.

The hens intended for breeders should be carried through the winter in a normal condition without forcing or stimulation of any kind, so that they can come to the breeding season full of vim and vigor. To obtain and retain this condition green feed should be plentifully supplied. Chopped clover, sprouted oats or mangels are all good.

The pullets used should be early hatched, vigorous and well-matured. To these selected females should be mated vigorous cock birds, or strong and well matured cockerels that are not only the sons of high-producing hens, but the brothers of pullets that have shown by their performance that they carry the quality for high production.

Do not make the matings too large. A good vigorous cockerel of the general purpose type on free range may successfully look after 15 or 20 or even more females, but the same bird in confinement may "fall down" lamentably with more than half of that number. Do not expect a cock to attend to the number of females that a cockerel would, and if you are looking for early chickens use cockerels at the head of the breeding pens as they are much more reliable early in the season.

PUBLIC NOTICE

JUDICIAL SALE OF FARM PROPERTY

PURSUANT to the judgment and final order for sale there will be offered for sale by Stephen R. Bowerman, auctioneer, at the Town Hall, in the Town of Wainwright, Alberta, on

Sat., the 8th Day of March, 1920, at the hour of TWO o'clock in the afternoon,

The South Half of Section Thirteen (13) in Township Forty-five (45) in Range Eight (8) west of the Fourth Meridian in the Province of Alberta,

excepting all mines and minerals and subject to the reservations and conditions in the original grant from the Crown or in the existing certificates of title.

The vendor is informed that the lands are situate 2 miles from Fabvan on the G.T.P. railway, where there are an elevator and post office, and 8 miles from Wainwright.

That the soil is a good black loam with a heavy clay subsoil and the land save for a small proportion is level. That about 225 acres are broken and now in stubble. That there are a dwelling house, barn, well and complete fencing on lands in a fair state of repair. The property will be sold subject to a reserved bid.

The terms of payment are 10 per cent. Cash on day of sale, and the balance within sixty days thereafter without interest.

In other respects the standing conditions of sale of the Supreme Court of Alberta as approved by the Master will govern.

Further particulars may be had from Messrs. Fieldhouse and Huber, barristers, Wainwright, Alberta, solicitors for the Vendor.

J. HAWKESWORTH,
A.D. Clerk Supreme Court.
Approved, H.C.T. (SEAL) L. J. 3-3c

HAPPENINGS OF LOCAL INTEREST

On Saturday next at three o'clock the Ladies' Aid of St. Andrew's Presbyterian church are holding a sale of home cooking and silver tea in the Fraser Block.

There is a small epidemic of colds around town these days, owing no doubt to the varieties of temperature we have been experiencing lately. "Don't neglect a cold."

The members of St. Luke's R.C. church are making arrangements for a card party during next month, which will be on a different and larger scale than ever attempted before by this institution. The announcement and date will be appearing in a later issue.

S. R. Bowerman is announcing an auction sale on the farm of Eph. Mills on March 3rd.

Owing to the strenuous weather, or causes arising therefrom, the passenger service on a few days was behind time.

We understand that H. E. May is in attendance at Viking each week end acting as locum tenens for Lawyer Purvis during the latter's absence from that place.

Principal C. C. Bremner has been on the sick list with a severe cold during the past few days, but is now improving.

J. Lawrence reports that the sale last week on the Wilbraham farm was a great success prices ruling high.

Joe Carroll welcomed visitors on Monday night in the persons of his sister and her husband, Mr. and Mrs. Mollenau, who have just arrived in town from Hindley, Lancs., England. Welcome to our city.

Too Late to Classify

SEWING WANTED.—Will do plain sewing of every description.—Mrs. Pearl Clark, Town. 18-2p

STRAYED.—To Section 2-45-3W4, A LIGHT BROWN GELDING, weight about 200 lbs, three years old, with white star in face and spot on nose hind feet and legs mostly white. Same can be had by proving property and paying expenses.—Warren Wilson 3-3c

PERFECTLY SATISFIED

is the good word from our customers. Tests accurate, good prices paid and satisfaction to those who ship their cream to us. Be a customer now.

MEADOW CREAMERY COMPANY, LIMITED

From what we learn there is a great probability that Mr. E. Connor, our local sheep rancher will be leaving for the west in the near future.

Miss Mildred Ratison arrived home on Saturday last from Alberta College

Jerome Bamelis and Miss B. Worthington, who were quietly married in Edmonton, spent their honeymoon in B.C., and are now settled on their farm north of town.

Under the able management of Superintendent A. G. Smith we understand that the number of animals at the Buffalo Park has increased so rapidly during the past few years, that will be at the Park Hotel on this spring will see many improvements in the way of new buildings, fences, etc.

Dr. Middlemass was away to the city for a few days last week.

W. Zinkan, who has been very sick for the past two or three weeks from pneumonia, is now reported to have passed the crisis and is some better as we go to press. He is under the care of Dr. Wallace.

We understand that Mr. and Mrs. Hoegh of the local creamery will be leaving on Sunday night to take in the big dairy convention in the city during next week.

Attention is drawn to the announcement in our advertising columns that an inspector during the past few years, that will be at the Park Hotel on February 28th to conduct examinations for engineers' certificates.

Bill Stuart writes that after visiting all the cities and point of interest from Prince Rupert to Los Angeles he decided he was far enough away from home and would stay around the latter place until the thermometer had climbed a little higher here.

Pete Bottaro, a one-time resident of this district was here from Calgary for a day or two this week before returning to his new location in Edmonton.

Many will be glad to learn that Mrs. Russell Long, who is still visiting at the coast, was a successful exhibitor at the Vancouver pet dog show. Her entry, "Potty," secured a red first prize.

THE INCREASING DEMAND

For Lumber in both the American and European Markets, where the cost is no consideration, has caused Lumber prices to jump. Whether or not the peak of the price has been reached remains to be seen.

THE CONSEQUENT DRAIN on stocks at the Canadian mills is causing an alarming shortage. This would indicate that even higher prices may soon prevail.

IF YOU CONTEMPLATE BUILDING

we advise seeing us at once. We have the Stock, all grades; good quality and bone dry.
